

## INVITATION

On behalf of the Organizing Committee, the Polish Parasitological Society and the European Federation of Parasitologists (EFP), it is my great pleasure to invite you to the 14<sup>th</sup> European Multicolloquium of Parasitology, which will take place in Wrocław, Poland, August 26-30, 2024.

CURRENT PARASITOLOGY

MULTI-DISCIPLINARITY

EMOP XIV 26-30.08.2024  
WROCŁAW | POLAND

### STRUCTURE OF THE CONFERENCE:

Some of the topics covered include:

- Alien and invasive host species
- Aquatic parasitology (with symposium of schistosomiasis and schistosomes)
- Biology of ectoparasites
- Control and drug resistance
- Developmental biology and ultrastructure of parasites
- Echinococcosis and taeniosis
- Ecology of host-parasite interactions
- Epidemiology of vector-borne diseases
- Foodborne and waterborne parasitosis
- Genetics of parasites
- Immunological aspects of host-parasite interactions
- Intestinal microparasites
- Leishmaniases - actual situation in Europe
- Medical parasitology
- New insights in parasite taxonomy and phylogenetic
- New parasitosis in Europe – question about the future
- One Health concept in practice
- Opportunistic parasite infections
- Parasites of wildlife
- Ticks and tick-borne pathogens
- Veterinary parasitology
- Zoonoses

## **PROPOSALS OF THE WORKSHOPS AND SYMPOSIUMS:**

New trends in parasitological diagnostics, Teaching-learning new approaches in parasitology, Acroparasitology, Trichinellosis, What about traditional helminthology?

## **DISTRIBUTING OF ABSTRACTS:**

Proceedings on pendrives, and additional special issue of Annals of Parasitology (Journal of Polish Parasitological Society, on-line).

## **NEW PROPOSITIONS:**

Lunch symposium with sponsors / companies presentation

“Prettier side of parasites” – exhibition for citizens and tourists

## **HOST CITY- WROCLAW**

Wrocław, located in the southwest part of Poland, is a vibrant, historic city on the forefront of change in the New Europe. It is an academic centre with 27 institutions of higher education and 140,000 students. It is also a dynamic business centre with the economy increasingly based on new technologies and innovation. The city's history is a mishmash of varied cultural influences in a place that was at different times claimed by Prussia, Austria, Germany and, of course, Poland. Thanks to its history the city has become an open-minded, creative centre for international business and culture. International investments and entrepreneurship thrive in Wrocław and Lower Silesia. Wrocław is one of the most rapidly developing centres of culture on the cultural map of Poland and Europe.

## **CONTACT PERSON:**

Joanna Hildebrand, PhD, DSc

President of the Polish Society of Parasitology

Department of Parasitology, Faculty of Biological Sciences, University of Wrocław
